REPORT

OF THE

COMMITTEE OF PUBLICATION.

Athenian Hall, June 1st, 1860.

Gentlemen of the Athenian Society:

We, the committee, who were appointed to search the records and compile a Catalogue of the Athenian Society of the Indiana University, submit the following as our report. Many names, both of Regular and Honorary Members, are lost in consequence of the burning of the University in 1854. There probably are some inaccuracies regarding the time of leaving the Society, and the present residence and profession. Those concerned will please to inform our Corresponding Secretary before the Society publish another Catalogue.
